

USPHL Officiating Team Handbook

2026-2027 Season

Issued by: USPHL

Department: Referee's Crease, Officiating Operations

Effective Season: 2026-2027 Regular Season and Playoffs

This document is the property of the USPHL & Referee's Crease, LLC. It is issued to officiating staff in confidence and may not be reproduced, transmitted, or disclosed without authorization.

USPHL Officiating Team Handbook
Welcome to The United State Premier Junior Hockey League

Governing Rules Authority

USPHL officiating operates under the Official NCAA Rule Book 2026-2027 as sanctioned by the USPHL Board of Governors. This handbook supplements leagues policies, procedures, game night operations, officiating directives, and points of emphasis of the 2026-27 Season.

Introduction

The USPHL takes great pride in the quality and integrity of its officiating. The men and women who serve as on-ice and off-ice officials bear one of the most demanding responsibilities in professional sport: the real-time application of the rules of the game under conditions of extraordinary speed, intensity, and public scrutiny. The Officiating Operations Department acknowledges and respects the professionalism, dedication, and courage that each member of the officiating staff brings to every game assignment.

This handbook has been prepared with the full authority of the USPHL Director of Officiating and reflects the collective institutional knowledge of the USPHL Hockey Operations Department. It is issued at the commencement of the 2026 - 2027 season as a binding operational guide for all officiating personnel. Every official to whom this document is distributed is expected to read it in its entirety, incorporate its standards into their professional practice, and consult it as a reference throughout the season.

The standard we set for officiating is straightforward: every call must be right, every procedure must be followed, and every interaction must be professional. The integrity of the game depends on it.

Statement of Purpose

This handbook establishes the standards of conduct, operational procedures, and officiating protocols applicable to all on-ice officials assigned by Referee's Crease to officiate during 2026-27 season. It governs behavior and procedures from the moment an official accepts a game assignment through the submission of the post-game officiating report.

The handbook addresses pre-game preparation, in-game officiating responsibilities by role, penalty administration, video review procedures, emergency protocols, uniform standards, communication requirements, and professional development obligations. It is written for practical daily use and is intended to function as the definitive procedural authority for the officiating staff on matters within its scope.

Hockey Operations Department

The Officiating Operations Department of the USPHL is responsible for all aspects of on-ice officiating administration. The department's leadership structure is as follows:

The RIC manages the day-to-day operations of the officiating program, including game assignments, performance evaluations, communications with officials, and coordination with arena and team operations. The RIC is the primary point of contact for officials on matters of assignment, evaluation, conduct, and policy. Officials who have questions, concerns, or incidents to report shall route all communications through the RIC unless directed otherwise.

Regional Supervisors and Game Evaluators

Regional supervisors attend games in person on a rotating basis and are responsible for observing officiating performance, providing real-time feedback, and preparing game evaluation reports for submission to the Department. Game evaluators may attend games or review game video remotely to assess performance. Both supervisors and evaluators report their findings directly to the RIC. Officials should be aware that supervisor attendance at any given game is possible and should perform at the same standard regardless of whether a supervisor is believed to be present.

The National Collegiate Development Conference and The USPHL Premier Conference will use the 2026-28 NCAA Rulebook with the exceptions listed below in the protocol section.

Important Notice

This handbook supplements — but does not replace — the Official NCAA Rulebook. In all matters of rule interpretation or application, the Official USPHL Rulebook governs. In all matters of procedure, conduct, and operations, this handbook governs. Where a conflict appears to exist, the official shall consult the Referee in Chief for clarification.

NCAA Major Rule Changes 2026-28

Rule 7.2 Starting Lineup

If the team that scores a goal on the first shift of the game challenges the starting line-up of the opposing team, and the opposing team did not have the correct starting line-up, the scoring of the goal would nullify the bench minor penalty, and no further penalties would be assessed.

Rule 9.4 Helmets

A player who intentionally removes their helmet during play will be assessed a minor penalty. If a goalkeeper intentionally removes their helmet and/or facemask when the opposing team is on a breakaway, a goal will be awarded to the non-offending team.

Rule 19 Coincidental Penalties

During the last five minutes of regulation or at any time in overtime, when a minor penalty is assessed to a player of Team A, and a major penalty is assessed to one player of Team B at the same stoppage of play, the three minute (or one minute, if A is serving a double minor) differential shall be served immediately.

Rule 20 Major Penalties

A second major penalty in the same game is an automatic game misconduct.

Rule 28.2 Major or Misconduct Penalt to Goalkeeper

A goalkeeper shall not be sent to the penalty bench for an offense which incurs a major and/or misconduct penalty.

Rule 28.4 Goalkeeper's Privileged Area

Remove the Goalkeeper's Privileged Area.

Rule 48.1 Fighting

The definition of fighting to be "one player punches or attempts to punch an opponent repeatedly". A singular punch to be penalized as roughing.

Rule 49 Head-Butting

a minor penalty to be called for an attempted head-butt or a head-butt that is not done forcibly. Reserve the Major and Game Misconduct penalty for a forcible or egregious head-butt.

Rule 50 Checking from Behind

Remove "in open ice" from the checking from behind rule.

Rule 53.3 Hitting after the Whistle

Eliminate "hitting after the whistle", classify this contact as roughing or unsportsmanlike conduct, when it occurs.

Rule 55.5 Throwing the Stick

The penalty for throwing the stick outside the playing area from a Misconduct to a Game Misconduct.

Rule 55 Goalkeeper Leaving Stick

If a goalkeeper, upon leaving the ice, leaves the stick or other equipment, or piles snow that stops an imminent goal, a goal shall be awarded.

Rule 59.1 Interference

When any member of the defending team, including the Coach or any non-playing person, throws or shoots any part of a stick or any other object or piece of equipment at the puck or puck carrier in his defending zone, a penalty shot shall be awarded

New Rule Delay of Game

If the puck is shot into the end zone by the attacking team from their own side of the center red line, and the opposing goalkeeper freezes the puck resulting in a stoppage of play, the ensuing face-off shall be conducted at one of the end zone face-off spots in the goalkeeper's defending zone. The defending team shall not be permitted to make any player substitutions prior to the face-off. However, a team shall be permitted to make a player substitution to replace an injured player, or when a penalty has been assessed, which affects the on-ice strength of either team.

Rule 79.5 Spitting

Spitting to be penalized as a Game Disqualification.

Rule 81 Faceoffs

Require that the blade of the stick is flat on the ice during faceoffs.

Rule 86.1 Offside

A player must control the puck with their stick prior to their skates going into the offensive zone.

Rule 84. Hand Pass

Permit hand passes that are initiated and completed in the defensive zone.

Rule 84.4 High Stick

When a high-sticking the puck violation by the defensive team in the defensive zone, a change of players will be permitted by the offending team.

Rule 84.3/84.4 Faceoff Location following hand pass or high stick

The face-off location following a hand pass or high stick violation will take place at the faceoff dot nearest the point of the infraction with the least territorial advantage gained.

Rule 92.2 Timeout

- You may not use your timeout if your team is not allowed to change players due to an infraction.
- Eliminated the additional timeout in overtime during the regular season.
 - Only one timeout will be permitted per stoppage, regardless of which team has called the timeout.

Rule 93.4 Coaches Challenge

Allow a coach to challenge a minor penalty for goalkeeper interference and the goal is disallowed.

Rule 93.4 Coaches Challenge

Permit only one coaches challenge per stoppage by the same team.

Shootout

All players are eligible to participate in the shootout unless they are serving a 10-minute misconduct or have been assessed a game-misconduct or Disqualification penalty.

USPHL Variances from NCAA Rules 2026-28

The following examples, based on the severity of the contact, should be penalized with a major penalty and game misconduct or a major penalty and disqualification:

USPHL Options for High Sticking a Player w/ Half Shield	Penalty Standard
Minor	No injury
Double Minor	Accidental
Major	Game Misconduct
Major	Disqualification

All Divisions Coincidental Minors on ice strength is 5x5

Fighting Protocol

The referee is provided with a very wide latitude in the penalties that they may impose under the NCAA Rules, including Rule 48 fighting or punching. An altercation shall be defined as any physical interaction between two or more opposing players resulting in a penalty or penalties being assessed.

It is the policy of the USPHL To discourage fighting, the referee is provided with a very wide latitude of penalty enforcement, this is done intentionally to enable them to differentiate between the obvious degrees of responsibility of the participants either for starting the fight or persisting in continuing the fight.

Fighting – In lieu of a game disqualification a player shall receive a game misconduct penalty

POINT OF EMPHASIS

Strictly Enforced – The Penalty for a player removing a helmet shall be considered grasping the facemask and the appropriate penalty assessed will be a disqualification (DQ) under face masking rule 47.1 **There is no option for a game misconduct penalty assessment.** The discipline committee may review all instances for further discipline if warranted

Rule 48.2

Players are required to go to the benches during an altercation. This will be strictly enforced. The discipline committee will review all fighting situations to make sure the mandate for the executive board is followed.

Here is the reference:

48.2 Clearing the Area of a Fight - When a fight occurs on the ice, all non-participating players, excluding goalkeepers, must proceed immediately and directly to their respective players' bench at the signal of the referee.

Goalkeepers must remain in the immediate vicinity of their goal crease.

PENALTY—Minor to offending player(s) or goalkeeper.

Any secondary fight shall be assessed as a major disqualification.

NCAA Terminology

Game Misconduct

Rule 22 - Game Misconduct Penalties

22.1 Game Misconduct Penalty

A game misconduct penalty involves the suspension of a player, coach, or other non-playing persons for the balance of the game; however, a substitute is permitted to replace a player immediately. The offending player, coach, or non-playing person must leave the bench and playing surface immediately and may not communicate with or contact team personnel in any manner until the game is completed.

Any contact with game officials is prohibited.

When a major and game misconduct is assessed, the offending team must immediately place a substitute in the penalty box to be released upon expiration of the major penalty.

Medical personnel cannot be assessed a game misconduct penalty.

A player who is assessed a game misconduct penalty is suspended for the remainder of that game only. The player shall be allowed to play in the team's next scheduled game.

22.2 Suspensions

A player who receives three (3) game misconduct penalties in the same season (including exhibition games) shall not be permitted to play in the team's next regular-season or tournament game against an USPHL member institution. For each additional game misconduct penalty (e.g. four, five, etc.) assessed to the same player in the same season, the player shall be suspended for one (1) additional game. This should not be part of a progressive penalty structure. Exhibition games cannot be used to fulfill the suspension for this violation.

Disqualification Penalties

Rule 23 - Disqualification Penalties

23.1 Disqualification Penalty - A disqualification penalty involves the removal of a player, including a goalkeeper, for the remainder of the game plus a major penalty, and may be assessed before the start of the game, or during or after the game.

When coincidental disqualification penalties are assessed against an equal number of players of each team, the teams then shall be permitted substitutions on the ice for the penalized players. When a major and game disqualification is assessed, the offending team must immediately place a substitute in the penalty box to be released upon expiration of the major penalty. The offending player may not go to the penalty bench and may not, for the duration of the penalty (including any progressive game disqualification penalty), occupy any area designated or reserved for players, and may not communicate or contact team personnel in any manner for the duration of the disqualification penalty(s).

USPHL Officiating Team Handbook

A substitute, other than a spare goalkeeper, must enter the penalty bench immediately in the place of the disqualified player(s) and enter the game after the five-minute penalty(s) has elapsed. A player may be assessed more than one disqualification penalty in a game.

The progressive game-disqualification structure shall be:

1. First disqualification penalty—that game plus one.
2. Second disqualification penalty—that game plus two.
3. Third disqualification penalty—that game plus three.
4. Fourth disqualification penalty—that game plus four.

(The progression shall continue after the fourth disqualification penalty.)

Any game-disqualification penalties shall be carried over to the next season for players with remaining eligibility.

The team of the disqualified player(s) shall be permitted to dress a substitute player or players (equal to the number of disqualified players) in the next scheduled game.

A player who receives a disqualification penalty in any game (including exhibition games) shall not be permitted to play in the team's next played regular-season or tournament game against an USPHL member institution. Exhibition games cannot be used to fulfill the disqualification penalty.

Rule 29 - Supplementary Discipline

29.1 Supplementary Discipline – All Supplementary Discipline will come from the league office. **Officials Do not respond to length of suspension, have the coach contact the league office.**

General Conduct Expectations

USPHL officials occupy a position of public trust. The integrity of junior hockey depends in significant measure on the impartiality, professionalism, and credibility of the officiating staff. Accordingly, all officials — both on-ice and off-ice — are expected to conduct themselves with integrity, impartiality, and professionalism always. This obligation is not limited to game situations; it extends to personal conduct, public presence, social interactions, and all circumstances in which an official may be identified as a representative of USPHL officiating.

Officials must avoid any appearance of impropriety or conflict of interest. Even the perception of bias, favoritism, or improper conduct is damaging to the integrity of the game and to the individual official's standing. Officials are expected to make decisions based solely on the facts visible to them, the applicable rules, and sound officiating judgment — not on the implications of those decisions for any team, player, or result.

Social Media

Officials who maintain personal social media accounts must exercise extreme caution in all posts, shares, and interactions. The following are prohibited on any social media platform:

- Commentary on specific games, calls, incidents, or players
- Commentary on league policy, officiating assignments, or evaluations
- Any post that could reasonably be interpreted as expressing a preference for any team, player, or result
- Photographs or video from inside arenas, officials' rooms, or other restricted areas

Officials are advised that posts of a personal nature that are unrelated to hockey remain subject to the general professional standards and should not reflect poorly on the official's role or on the USPHL.

Game Procedures

Arrival/Attire and Locker-Room Protocol

All on-ice officials shall arrive at the arena no later than **forty-five (45) minutes** before the scheduled game time. Timely arrival is an essential professional obligation; late arrivals must be reported to the Department regardless of cause.

MANDATORY ATTIRE:

- Business casual mandatory – Business preferred
- No jeans/sweatpants
- No tobacco/alcohol consumption in the building – includes vape devices
- No earrings, nose rings, or visible piercings
- Officials must be properly dressed on and off the ice

Do not wear any other league branding logos patches etc. on your uniform or entering the arena!

Uniforms and Equipment

Item	Referee Specification	Linesman Specification
Jersey	Black and white, orange armbands	Black and white vertical stripes
Name plate	Required	Required
Pants	Black	Black
Helmet	Black	Black
Skates	Black	Black

Game Protocol

All the game times published on the horizon website is game start. Officials are required to go on the ice for warm-ups.

Pre-game

Officials shall conduct a brief ice inspection prior to team warm-ups, using the ice resurfacing window to perform a systematic review of ice conditions. Any ice defects — ruts, soft patches, unusual frost, or significant surface irregularities — shall be reported to arena staff immediately, with a request for correction prior to team warm-up if time permits.

Officials shall inspect glass panels, net posts, and perimeter boards during the pre-team inspection period. Any glass that appears unstable, any net post that does not seat properly, or any section of boards that appears damaged shall be flagged to arena operations staff at once.

During team warm-ups, all on-ice officials shall be present on the ice surface and actively observing. Officials shall not engage in conversation with players or coaches during the warm-up period. The purpose of on-ice presence during warm-up is observation and preparation, not social interaction.

New: Nameplates on players during the warm-up. If you see players without nameplates, please report the number or numbers of the players to the scorekeeper. Make sure the numbers are in the notes section.

All Division 15 minutes Resurface.

Add to game report if there are issues with the warmup procedure

Start of Game Process

Announce Starting Lineups – Like a College Game. Teams on Goal Line, officials stand at center ice facing the flag. Players come to blue line. Play/Sing National Anthem. Game Commence.

League games cannot end in a tie Overtime Procedure

- **5-minute OT 3X3**
- **3-man shootout**
- **Sudden Death different shooters until roster is exhausted**

Overtime Penalty Procedure

- **If there is a penalty at the end of regulation the overtime will start 4-3, then 4-4 until the first whistle.**
- **If there is another penalty to the team shorthanded; the on-ice strength will be 5-3. There never shall be no less than 3 players on each team on the ice.**

Mercy Rule

Premier At any point after the first period, if the score difference is 8 goals or more the clock will run except for power plays. If the difference drops under 8 the game will revert to a stop timeclock. Any major penalty issued during the mercy rule period will be an automatic DQ (player is ejected from the remainder of that game AND sits the next scheduled game.)

NCDC Only Video Review Policy

The following criteria are subject to video review for those venues that can support video review.

Pre-Game the home team needs to notify the official that review is/is not available before the game begins.

Absolutely no other reason for a challenge may be accepted by officials'

USPHL Officiating Team Handbook

Video Review Procedure

(Rev. 7/6/26)

Each team receives one (1) coach challenge per game. **Officials may NOT initiate a video review.**

Only the referee may review the video. Linesmen and off ice officials may not participate in the review.

Challenges are for contested goals ONLY for the following reasons:

- Re-direction (high stick, kicking motion, etc...)
- Puck completely crossed or did not cross the goal line
- Plays occurring just prior to a goal being scored that would otherwise have resulted in a play stoppage (IE Offsides, hand pass, high stick, puck out of play, un-called icing, un-called major penalty)
- Continuation play (net being dis-lodged).

Coach using his challenge must notify the referee prior to the puck being dropped to resume play.

Referee must report to the scorekeeper the call on the ice and the reason for the challenge.

Scorekeeper documents on the scoresheet and announces so to inform the broadcaster before the review begins.

Once documented and announced, the score keeper will hand the official a device for him/her to review the goal in question.

There must be clear and convincing video evidence to overturn the call on the ice. Scorekeeper documents the challenge result on the scoresheet and announces the result.

If the call on the ice is upheld, the team making the challenge is charged with their time out. If no time out is available, a delay of game minor penalty will be assessed.

If the call on the ice is overturned, the challenging team gets to retain their challenge for further use in that game.

Note: A team who uses their challenge during regulation and loses their time out, receives their OT time out but does not receive an additional challenge.

Notify the public address operator that a review is in progress

- Maintain position at center ice or near the referee's crease — not at the goal area

USPHL Officiating Team Handbook

1. Refrain from communicating the preliminary call publicly until the Situation Room has confirmed or overturned the play offside must be established by clear, conclusive video evidence. Any legal play by an attacking player (a tag-up, a clear onside re-entry) after the claimed offside that preceded the goal resets the play and shall defeat the challenge.
2. Confirm with the challenging coach the specific ground for the challenge (goaltender interference or offside)
3. Contact the Situation Room to initiate review, specifying the eligible challenge ground
4. Await the Situation Room's determination before making any public announcement

Outcomes

Challenge Result	Ruling	Coach's Challenge Status
Successful Challenge	Goal overturned (no goal); appropriate faceoff location per Appendix B	Challenge privilege retained
Unsuccessful Challenge	Goal stands as called	Challenge privilege lost; bench minor penalty for delay of game assessed

Player Conduct and Ejections

Game misconduct penalties may be issued at the referee's discretion for the following categories of conduct:

- Persistent or escalating verbal abuse directed at officials
- Abusive, threatening, or profane language directed at any official
- Any conduct the referee deems seriously detrimental to the orderly conduct and integrity of the game
- Third occurrence of a misconduct penalty in the same game by the same player

When issuing a game misconduct, the referee shall skate to the player and inform them clearly and directly that they are ejected from the game for the remainder. The referee shall then communicate the

game misconduct to the captain or alternate captain of the penalized team. The ejected player shall proceed immediately to the dressing room; failure to do so may result in additional penalties to the team.

Disqualification penalties — assessed for deliberate intent to injure — require immediate notification to Eugene Binda and shall be fully documented in the post-game officiating report.

Section 10 — Player Safety and Injury Situations

Injured Player Protocol

When a player sustains an apparent injury during play, on-ice officials shall follow this protocol immediately:

1. The nearest official blows the whistle to stop play without delay
2. All on-ice officials direct players away from the injured player, creating a clear space and unobstructed access path for medical personnel
3. Players on both teams shall be directed to the periphery of the injury area or to their benches, as appropriate to the situation
4. Medical team personnel — team trainers, physicians, and arena medical staff — are given full, unrestricted access to the ice surface; officials shall not obstruct or redirect medical personnel
5. The referee shall maintain order among surrounding players and prevent any additional contact or confrontation in the vicinity of the injured player

Neck and Head Injuries

Any player who sustains a visible head or neck injury, is observed to be unconscious or disoriented, or is unable to skate under their own power following contact shall not be permitted to return to the game without documented clearance from a team physician or certified athletic trainer. This restriction is non-negotiable and shall not be waived by team personnel, coaching staff, or the player themselves in the official's presence.

Officials shall not make any medical assessment of an injured player. The official's role is strictly to maintain order on the ice surface, facilitate unobstructed medical access, and ensure the safety and decorum of all participants while medical personnel assess and treat the injured player.

Concussion Protocol Compliance

Officials are expected to be familiar with the USPHL Concussion Protocol as in effect for the 2026–2027 season. The official's obligation under this protocol is to:

- Ensure that medical personnel have immediate ice-level access when a player sustains a significant blow to the head
- Report in the post-game officiating report any situation during which the official observed a player sustain a significant head blow, regardless of whether the play was penalized
- Support the application of the protocol by ensuring no pressure — from players, coaches, or the competitive context — delays or interferes with medical assessment of a potentially concussed player

Recognize and remove any player who exhibits signs, symptoms, or behaviors consistent with a concussion must be removed from competition immediately.

Post-Game Procedures

Conclusion of Game

At the conclusion of the game — including at the conclusion of any overtime period or shootout — all on-ice officials shall remain on the ice surface until both teams have cleared to their respective dressing rooms. Officials shall maintain composure and professional demeanor throughout this period, which may include moments of elevated tension following close results or significant incidents.

Officials shall not initiate or accept contact, conversation, or engagement with players, coaches, team staff, or media personnel at game conclusion. Any approach by a team representative shall be met with a brief, courteous acknowledgment and a referral to the USPHL Communications Department for substantive matters.

Post-Game Report

The Senior Referee is responsible for completing and submitting the official post-game officiating report via the USPHL Officiating Portal within **two (2) hours** of the conclusion of the game, unless an alternate deadline has been communicated by the Department for the specific game assignment. The post-game report is a mandatory obligation; failure to submit within the required window must be explained in writing to the Director of Officiating.

Required Report Contents need link

A game report is required for all game misconduct penalties, and disqualifications (DQs), use the USPHL Game Report Google Form. [HERE](https://docs.google.com/forms/d/e/1FAIpQLSf9PLnGrn0Go04MsCupEPxA_42hdUXnluROXNPHISu8y-8joQ/viewform?usp=sharing&oid=102282463863542021759)

https://docs.google.com/forms/d/e/1FAIpQLSf9PLnGrn0Go04MsCupEPxA_42hdUXnluROXNPHISu8y-8joQ/viewform?usp=sharing&oid=102282463863542021759

The report must address the following items:

Narrative description of all major penalties, game misconducts and disqualification penalties, assessed during the game, including the specific conduct observed, the rule applied, and any context relevant to penalty classification

Significant on-ice incidents not covered by assessed penalties — including confrontations, verbal altercations, or unusual player behavior — that may be relevant to supplemental review

- All on-ice injuries witnessed by officiating staff, including the player involved, the nature of the apparent injury, and the circumstances of the incident
- Issues with arena equipment (net anchoring, boards, glass, lighting), ice conditions, or off-ice official performance that affected or could have affected the game
- Notable coaching or bench behaviors, including bench minor situations, objections to officiating decisions, and any unauthorized entry to the ice surface by bench personnel
- Any incident involving fans that affected officials, including but not limited to projectiles thrown onto the ice, fan contact with officials, or threatening conduct

Housekeeping Guide for Officials Dressing Room

- **Your room** — No Coach or GM may enter without your permission
- If problems arise during a game, **lend an ear** — if they become unruly, **ask them to leave**
- Report incidents to **Gene Binda first**, then the **USPHL office second**
- **No video review** with coaches — before, during, or after games
- Redirect all video review requests to the **league office**
- **No hangouts** — keep family/friend visits brief
- Use ice resurfacing time to **review situations**
- **Team personnel blocking officials' path** to dressing room:
 - Minor penalty during the game
 - Game misconduct after games
 - **All incidents reported immediately to Gene Binda or supervisor**

Injury / Illness / Accident

If injured or ill and unable to perform duties:

Contact **Gene Binda or any supervisor immediately**

Insurance

- **Secondary insurance** is provided by the USPHL for Junior Leagues
- Information available on the **Horizon website** → Document Section

Absence of Officials

If You Are Going to Be Late:

1. Call **Gene Binda FIRST**
2. Then notify **the crew**

If Gene is the last to know — the ENTIRE crew loses assignments across ALL leagues

Replacement Protocol (in order):

1. Game starts at **scheduled time** with existing officials
2. Attempt to contact an **available league official**
3. If no replacement → use the **two-referee system**
4. If replacement is a non-referee → **senior linesman assumes referee position**
5. If no referee available → **senior linesman is lead referee** for final decisions

This is a PROFESSIONAL POLICY — no excuses. Life happens, but communication is mandatory.

Hotel Protocols

Booking Rooms:

- Use the following link to request rooms: [HERE](#) or
 - https://docs.google.com/forms/d/e/1FAIpQLSfE0y4FzhdDlqqh9XpptTjNy5a8k-luLs7m0GJ9k_njxuogZQ/viewform?usp=header

General Rules:

- Rooms **booked and paid for by RC** (unless team is paying)
- Provide **your credit card for incidentals** upon arrival
- **Maximum 2 officials per room** (depending on suite vs. double beds)
- Room assignments **may change** over the weekend/tournament

Room Issues:

- **Call Gene Binda BEFORE** booking another room or making other arrangements
If you fail to do so — **you own the room**

Strictly Prohibited:

Rule	Detail
Non-USPHL Personnel	Not permitted in hotel rooms at any time
Persons Under 18	Not permitted in USPHL-provided hotel rooms
Illegal Drugs/Narcotics	Prohibited (without legal prescription)
Guns & Firearms	Prohibited in hotel rooms AND arenas
Underage Drinking	Strictly prohibited

Any **damage** must be reported to the **Travel & Logistics Coordinator immediately**
